PROP CONTROLLERS

AAMON DUO

Two-channel solid-state prop controller with two minutes of animation and a bonus configurable output.

Controller cannot play sound.

\$60

AAMON QUADRO

Four-channel solid-state prop controller with three hours of ambient & trigger animation. Plays MP3 files from a MicroSD card, utilizes a built-in 60 watt stereo amplifier, and includes a bonus configurable output.

\$120

AAMON MOTOR

High power motor prop controller with un-amplified sound and output 0. Great for wiper motors and linear actuators.

Plays MP3 files from a MicroSD card.

\$90

AAMON OCTO

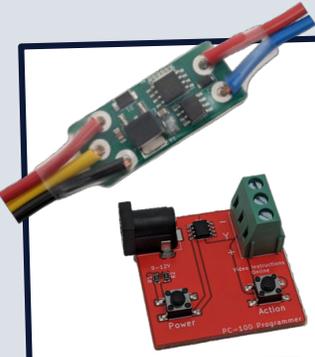

NEW!

Eight-channel solid-state prop controller with 1.5 hours of trigger & ambient animation. Includes two isolated inputs and a 60 watt stereo amplifier. DMX capability allows you to enhance your animations with theater lighting and other products.

Easily program with buttons or our software Abyss Studio! The AbyssBus port allows for future expansion with accessories and linking controllers.

\$190

AAMON EMBEDDED

Single-channel solid-state prop controller with two minutes of animation. Designed for tight spaces, costumes, and hand-held props!

\$25

Power supplies sold separately for all products.

SOFTWARE

ABYSS STUDIO

Create the perfect animation sequence for your Purgatory Props controllers with this easy-to-use software! Get finer control for perfect timing and easy DMX programming.

BANSHEE CONFIGURATION UTILITY

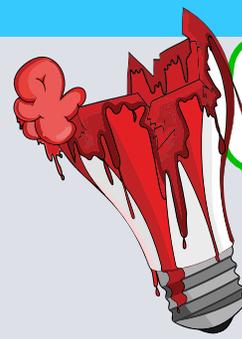

Easily upload sounds and configure the inputs for your Banshee sound controller. Saves settings to the SD card.

CUSTOM SOFTWARE & ELECTRONICS

Do you have an idea? Something that you can't get out of our existing products? We will work with you on your requirements and design a high-quality custom product for your needs.

Our software supports Windows and macOS

LIGHT CONTROLLERS

LUX MICRO

Feature rich lighting controller with over 20 different modes, 2A total output, and resumes last mode when turned on.

\$15

LUX ULTRA 16

This 16-Channel LED Controller can run hundreds of LEDs! Pick from dozens of lighting effects and customize rate or brightness using the adjustment knob.

\$85

SOUND CONTROLLER

BANSHEE

Super loud audio player with internal 60W stereo amplifier. Six triggerable inputs and our standard bonus output.

\$110

SENSORS & TRIGGERS

PIR MOTION SENSOR

Easy-to-use sensor that can mount to most surfaces. Detects body heat moving in front of the sensor to provide a reliable trigger in a controlled environment.

\$20

PUSH BUTTON

Hand-held button perfect for actor triggered scares. An ergonomic handle makes this button comfortable to grip.

\$15

REFLECTIVE BEAM SENSOR

Highly accurate sensor that detects objects moving between sensor and reflector. Safe for outdoor use.

\$20

FOOT SWITCH

Metal foot switch with a non-slip pad which allows you to trigger scares quickly and efficiently leaving your hands free.

\$15

DIFFUSED BEAM SENSOR

Highly accurate sensor that detects objects moving in front of the sensor (no reflector needed). Adjustable range from 9in to 6ft. Safe for outdoor use.

\$32

OTHER SUPPLIES

WIPER MOTOR MODULE

Tired of complicated wiring on your wiper motor? Try this for dead simple wiring! Clockwise, Counterclockwise, and Park control.

\$10

1/4" POLYURETHANE AIRLINE

Flexible, durable, no kink airline. We can cut any number of pieces at any length. No cut fees.

\$0.35/FT

\$8

SOLID-STATE RELAY

Relay that is controlled with 3-32V DC and provides you the ability to quickly switch 120V-240V AC devices such as light bulbs or AC solenoid valves.

OCTO DMX ADAPTER

Convert the RJ45 port on the Aamon Octo controller to male and female 3-pin XLR for DMX fixtures.

\$6

12V 5-WAY SOLENOID VALVE

Two position solenoid valve for controlling double action cylinders. One free thread tape per order.

\$20

1/4" PUSH-TO-CONNECT FITTINGS

Connect your 1/4" airline in any way imaginable with our variety of easy-to-use push-to-connect fittings.

\$0.80-2

POWER SUPPLY

General purpose power supplies for our controllers. Converts 120V AC into 12V DC.

\$12

\$5

RELAY MODULE

Easily connect high voltage or high current devices to our controllers using this simple relay module. Use for 120V, horns, fog machines, etc.

ABOUT US

Thank you for considering Purgatory Props, where innovation meets spine-chilling experiences. Established in 2021, our mission at Purgatory Props LLC is clear: to provide exceptional haunted attraction electronics at not-so-scary prices. From prop controllers to light controllers and audio players, our products have gained widespread recognition since our inception. Regarded as a trusted name within the industry, we pride ourselves on delivering quality products and superior customer service that meet the standards of leading companies. As the founder, my background as a Software Engineer drives our commitment to innovative, user-friendly designs. Assisting in the management of our business is my wife, Ellie, a skilled Process Engineer. Together, we strive to elevate the haunted attraction experience with our products.
